AT SAINT STANISLAUS

BUILDING WINNING TEAMS AND ATTITUDES

Our athletic programs teach valuable skills like teamwork, dedication, discipline, respect, resiliency, and sportsmanship. Our winning traditions are earned, and our coaching staffs push and support Rock-A-Chaws, helping them develop the confidence to succeed both on and off the field of competition.

OUR PHILOSOPHY

Our coaching philosophy aligns with Saint Stanislaus' mission- to build men of character. Our athletic programs help them explore and expand their skills in the sports they love. The success of our programs is not measured just by wins and losses, but also by the ability of our student-athletes to reach their full potential in the world.

A PROUD TRADITION

The 1945 Heisman Trophy belonging to 1941 Saint Stanislaus graduate Felix “Doc” Blanchard is on display in our school resource center. Blanchard donated his trophy to our school to show Saint Stanislaus appreciation for the foundation for his success. The trophy serves as a powerful symbol to generations of Rock-A-Chaws. Blanchard is one of many accomplished athletes, coaches, managers, administrators, and supporters who have advanced our athletic tradition and are recognized on the Great Wall of Rocks for Athletics.
